

Announcement

July 24, 2026

THIS NA FOR SOME CONGREGATIONS WEY DEY AFRICA

1. **Change Wey Them Make for How to JW Broadcasting for Satellite Service:** Them don move the JW Broadcasting via satellite service from Eutelsat 7B go Eutelsat 36D. People wey don de use-am before need to adjust their satellite dish and set their decoder again with the new settings. Them go put the new version of the form *How to Watch JW Broadcasting for Satellite* (S-146) for notice board. This form get direction on how to connect to JW Broadcasting via satellite for Eutelsat 36D. The program wey de show from Eutelsat 7B go stop permanently from August 17, 2026.
2. Even though say the signal of the new Eutelsat 36D satellite de reach most of the people wey dey use-am now, e fit no reach some area again. If the satellite signal no reach your area again after this change, we de encourage you make you use internet for your area take watch and listen to program from jw.org and stream.jw.org.
3. If una Kingdom Hall get satellite equipment now, abeg make una make sure say una do this change for una setup on or before August 17, 2026.
4. If you sabi how to setup satellite equipment well, abeg make you ready to help publishers for your congregation and other congregation them wey dey near to make the changes wey dey up for how them set their satellite equipment.
5. For places wey brothers no dey wey fit help, una fit pay any person wey sabi setup satellite equipment and make e be person wey una trust make e adjust-am. Abeg give the person the settings wey dey inside the form *How to Watch JW Broadcasting for Satellite* (S-146).
6. Publishers wey need copy of the revised form fit meet any elders.
